ALCOHOL AND HEALTH

EDITION

A Guide for Health-Care Professionals

By MY Morgan & EB Ritson

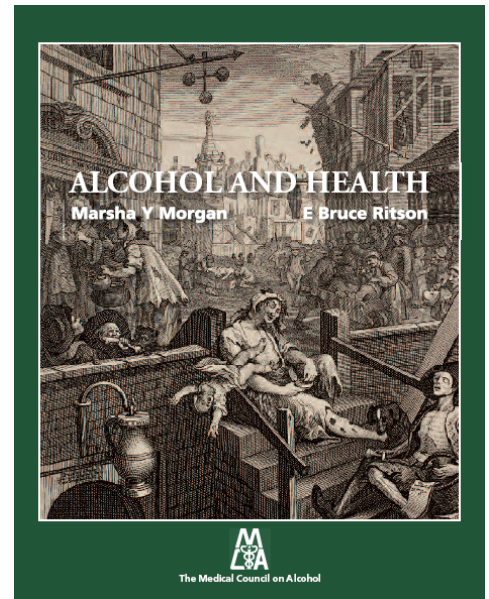

“this text is a comprehensive and valuable resource for medical students and newly qualified doctors as well as other health-care professionals who come into contact with individuals who are misusing alcohol.”

Book Reviewed in Alcohol and Alcoholism 2010; doi: 10.1093/alcalc/agq049

The MCA are happy to present the 5th Edition of the Alcohol and Health Guide.

This book is intended for anyone in the alcohol field.

This book covers the medical and psychosocial aspects of alcohol access, the management of alcohol misuse (including individual case studies), the prevention of alcohol-related harm and the role of health-care professionals.

This publication is currently exclusively available through the MCA at £15.00 per copy.

If you would like to place an order please fill in the form below.
